

# Insurance Policy

Dear Patient:

Our physicians deliver at St. John's Hospital.

It is your responsibility to contact your insurance company to ensure you can go to St. John's Hospital and that your insurance company will pay the hospital bill.

It is also your responsibility to call your insurance company and notify them of your delivery. This should be done within the first three months of your pregnancy. We will not be contacting your insurance company.

Please contact our Business Office if you have any questions with which we can help.

Thank you for your cooperation.
