

Ultrasound Policy

Dear Patient:

For the efficiency, focus and safety of our sonographers, only one person (age 10 or older) is allowed to accompany the patient during the ultrasound appointment.

Others may wait in the reception area and may be allowed to view the obstetric ultrasound images after the scan, if time permits.

We reserve the right to reschedule or cancel the ultrasound appointment if these conditions cannot be met.

Thank you for your cooperation.

Partners Obstetrics & Gynecology, P.A.
